Date June 15, 1960

Subject 5:55 PM News of June 14, 1960

Your department in particular Bob Hagen is to <sup>be</sup> highly complimented on the presentation of the 5:55 PM news of June 14th. You had actualities of two of the biggest local news stories of the day which were presented in a most professional manner for which the whole station should be particularly proud.

At the conclusion of your newscast I tuned to WGAR to get the news in depth and heard the same stories presented in ~~length~~ length, which were just rip and read jobs. And this is the newscast that people think is the best.

Once again let me say, a job well done and Bob Hagen is to be congratulated.

Harry Dennis
